Mobile: +91-7986868137

SKILLS

- **Languages:** Python, Bash Scripting, java
- **Operating System:** Linux, Windows
- **Tools:** Nmap, Wireshark, Hydra, Go buster, Burp suite, Exif tool
- **Soft Skills:** Leadership, Teamwork, Perseverance, Problem Solving

PROJECTS

Research Paper – “A Comprehensive Study on Advancements and Challenges in Quantum Cryptography” | [GitHub](#)

Aug 2025

- Study QKD (BB84) and Post-Quantum Cryptography to evaluate security against quantum attacks.
- Quantum Cryptography, QKD (BB84), Post-Quantum Cryptography, Security Analysis.
- Compared classical, quantum, and hybrid models; validated BB84 eavesdropping detection and identified real-world implementation challenges.

Language Translator Chatbot | [GitHub](#)

Dec 2024

- Develop an AI-powered chatbot for real-time multilingual language translation and conversational interaction.
- Gemini API, Python, API Integration, NLP Concepts.
- Successfully implemented real-time translation across multiple languages with accurate, context-aware conversational responses.

Smart door lock system using Arduino Uno Microcontroller integrated with GSM Module | [GitHub](#)

Dec 2023

- Design a hardware-based smart security system to detect and respond to unauthorized access in noisy environments.
- Arduino Uno, GSM Module, Keypad, Buzzer, Embedded C, Microcontroller Programming.
- Implemented real-time access detection with audible alerts and GSM-based notifications, improving intrusion response reliability.

CERTIFICATIONS

- Privacy and Security in Online Social Media | NPTEL | [Certificate](#)

Nov 2025

CERTIFICATES

- Cyber Security & Ethical Hacking | Workshop | [Certificate](#)
- Ethical Hacking | Rising Tech Pro | [Certificate](#)
- Encrypted warfare | Lovely Professional University | [Certificate](#)
- Python Programming with OOPS | Cipher Schools | [Certificate](#)

Sep 2024

Mar 2024

Oct 2025

July 2025

ACHIEVEMENTS

- Solved 20 + labs in Port Swigger
- Top 10% in Try Hack Me
- Engaged in Encrypted-Warfare CTF event held at LPU

Mar 2026

Nov 2025

Apr 2025

EXTRA-CURRICULAR ACTIVITIES

- Attended online workshop of Cyber Security by Vault of Code
- Participated in Nullcon CTF event organized by Nullcon Goa

Nov 2025

Mar 2025

EDUCATION

Lovely Professional University

Bachelor of Technology - Computer Science and Engineering; CGPA: 7.41

Punjab, India

August 2023 - Present

MGN Public School

Intermediate; Percentage: 88%

Jalandhar, Punjab

April 2022 - March 2023

St Joesph's Convent School

Matriculation; Percentage: 84%

Jalandhar, Punjab

April 2019 - March 2020
